

Certificate of Conformity

Airworthiness certification: Code of Federal Regulations Title 14, Part 21.502 requirements: For items annotated with the letter "P" next to the individual part number on the delivery note, the original certificate of airworthiness is included with shipment. This certificate meets the airworthiness approval requirements of Title 14, Part 21.502. For items **not** annotated with the letter "P" next to the individual part number on the delivery note, Airbus Helicopters, Inc. certifies documentation and/or certification records are included with shipment or on file at Airbus Helicopters, Inc. and are available on request.

Airbus Helicopters, Inc. certifies part listing with codes identified below are approved replacements for the individual part ordered under the Airbus Helicopters alternate part approval system through the type certificate:

- * Code EQUI (Equivalent) means the ordered part and the delivered part are the same but the reference numbers are different. This can be the case for both identical parts with different writing and standard parts.
- * Code VARI (Variant) means that the ordered part and the delivered part have the same function, the same use, the same validity (type and version of A/C) but different suppliers/manufacturers. Both parts (delivered part, ordered part) can be installed with out any restriction. Parts are selected based on inventory available.
- * Code EVOL (Evolution) means that the ordered part can be replaced. If delivered part is different than ordered part, it can be installed. Parts are selected based on inventory available.
- * Code EVOQ (Qualified Evolution) means that the ordered part is replaced by one or more parts predicated on technical review.
- * Code EVOM (Multiple Evolution) means that the ordered part is replaced by a list of parts with out aircraft or version restriction.
- * Code EVOD (Differentiated Evolution) means that the ordered part is replaced by one or more parts depending on aircraft effectivity.
- * Code VANM (No Mixable Variant) means that the ordered part is replaced not by one, but by set - same use effectivity.

CFR 52.246-15 Airbus Helicopters, Inc certifies the parts or services called for by the contract number referenced on the delivery note in accordance with all applicable requirements. The parts or services are of the quality specified and conform in all respects with the contract requirements, including specifications, drawings, preservation, packaging, packing, marking requirements, and physical item identification (part number), and are in the quantity shown on this or on the attached acceptance document.

These commodities, technology or software were exported from the United States in accordance with the Export Administration Regulations. Diversion contrary to U.S. law is prohibited. Certified true and correct.
